Forward

As we grow and live each day, we go through changes that have different effects on different persons. For some, the change is gradual; and for some the change is so sudden that we are caught completely unaware. Part of the changes we go through comes through experience—experience with various, events, persons, and places. Even though some experiences may vary in respect to kinds and effects, we still experience anyway. Experience helps make us what we are—as a person or as a group—particularly the Aggie family.

We, here in Aggieland, are a unique unit of a bigger, much more powerful group—The Black People. In this respect, our experience is also a unique one. Unique in the fact that we face completely different problems and we respond in completely different ways, for so much of our experiences come in conflict with the norms of another culture that we are expected to live by. This is how our experiences face us as a group of Black People.

As a unique unit within that group, we function in many ways as a family. A family which may experience many problems as we try, desperately at times, to function together in the many facets of university life. At times, our experiences may hinder or influence our actions as individuals, but again, we must realize that our experiences help us to grow and mature into the competent leaders of our beautiful Black race.

In fulfilling our potentials as individuals, as members of the Aggie family, and as a group of Black people, our experiences are uniquely different from any other group of people. Our experiences make us what we are and what we will become. Our experience is A BLACK EXPERIENCE.

This is Not My Country!
by Martin Moore

*This country is not of me,
because it has prostituted democracy.
I heard the bells of Freedom ring;
but that did not mean a thing.
Our Freak White Fathers, authors of Liberty;
yet they never wrote for me.
On every American mountainside;
just too many Black men have died.
O' beautiful, for spacious sky;
still beneath you, my brother die.*

*Land of the Pilgrim's pride;
land where white racism thrives.
O' Black brother lift Thy voice and sing;
O' Black brother lift Thy sword and swing.
When courage flows in your veins;
go out and make your enemies as lains.
For us to live another day and night;
we must all join in this fight.*

*My country tis of Thee;
suppression and misery.
For the love of God and the love of Man;
Brother of Black take your stand.
And from sea to shining sea,
let thy mighty Black Struggle be!*

Dr. F. Williams

Dedication

No death is wholly natural, and no one dies merely of the burdens of the years—when they die there is always left the memories of their presence.

Two wonderful men have died and left us honors to remember them by. Their endless cooperation and assistance in working with the school can never be forgotten. Let us stop to pause for a few minutes at the dehumanization of the end of life, both for those who died and for those who live on and to the befogging of the minds of these two intelligent men whom we owe respect and honor.

We, the 1972 Ayantee staff, dedicate this edition in memory of Dr. F. Williams and Mr. E. Corbett.

The Opels

A & T's own, "The Opels" appeared on a show with the Electric Express in Moore's Gym during the month of October. They are truly a "Black Experience" to our Aggie Family. Their release, "You Know That I Love You" written by Jimmy Steadman, makes all of us feel that they are really doing the do. Our brothers are: front: Tom Smith, Center-Howard Jones; back; Jimmy Steadman, Allan Lovett, and Raleigh Bryant. And indeed they do have SOUL!

The Electric Express

The Electric Express came to A & T doing their hit "The Real Thing". They gave a grand performance to a very enthused crowd in Moore Gymnasium. Power to these brothers from the "city" of Greensboro, that played a very important part in entertaining the Aggies. The latest release by the group is "Where are you coming from", and this is what we want to know.

They are the "REAL THING"

"The 8th Day"

"The 8th Day" performed for an excited crowd January 22 in Moore's Gym. They sang "She's not just another-Woman," "You gotta Crawl," and some bad sounds from their latest album. Along with an out-of-sight version of Marvin Gaye's "Whats Going On."

"What's Happening Brother?"

"You've Got to Crawl Before You Walk"

Miss Ron Feaster

Miriam Makeba, better known as "Queen Mother" graced the Aggie family with a performance that held the audience spellbound. The song which really put the audience in a Black mood was the "Click Song", a syncopated version of an African folk song of joy.

THE BLACK WOMAN'S RETURN

I saw Black woman:

*Dancing in the sun;
Bathing in cool waters till day was done
Acknowledging her beauty and covered with Black pride;
strong and loving with Black man at her side
(for she was home)*

I saw Black woman:

*Working in the sun;
Slaving and laboring till day was done
Serving till darkness came;
wherein she hid, till dawn, to begin the same.*

*Her man and her were set apart;
stripped of soul and torn of heart.
With no dignity and no Black pride;
behind a white face she now did hide.
(a long way from home)*

I see Black woman:

*Dying in the slum;
Shooting and tricking, labelled a bum.
Neglecting her children, hating her man;
getting money any way she can.
Her gods being duji and cocaine snort;
having babies just for sport.
Without self-dignity, without self pride;
underneath blonde wigs her Blackness hides.
(far, far from home)*

*Black man, this just can't be:
You must free her soul, so I can see:*

The soul of black woman:

*Rejoicing in the sun;
Bathing in cool waters till day is done.*

And see Black woman:

*Acknowledging her beauty and covered with Black pride;
strong and loving with Black man at her side
(YOU must bring her home)*

The manifestations of beauty are the makings of every black woman, and Patricia Thompson is indeed a seed of this creativity.

Pat, a business administration major from Charlotte, N.C. is the lovely daughter of Mr. & Mrs. Curtis Thompson, Sr. She is a 1968 graduate of West Charlotte Senior High School.

A true queen by nature, Pat was a former Miss Junior and Sophomore attendant to Miss A & T. Presently Pat is a member of The Student Government Association, Tau Phi Theta Sorority, The Business Club and The Women's Council. In her leisure, she enjoys swimming, listening, to classical jazz, and sewing. Upon graduation, Pat hopes to enter into the world of fashion buying.

Congratulations to you “Pat” for successfully climbing the queen's ladder as one of A & T's loveliest Black Women.

Miss Senior

Chosen as the Senior Class Black Beauty, Sister Iris Carlton has indeed shown her competency in every way as a Black Queen.

Iris is an active member of the Alpha Kappa Alpha Sorority and other campus activities. She is a Social Service major from Warsaw, N.C.

To see her is to know her, just her smile is enough to make many, many friends.

Miss Junior

From the peak of the highest mountain in Asheville, N.C., Sister Arlene Bell comes to you as Miss Black Junior.

She is an Early Childhood Education major, engaged in many activities, including that lovely voice you can hear during halftime at the football and basketball games.

"She is our everything and everything is her", sums up the Junior Class qualifications of their queen. Right On for this charming Black Woman!

Sister Arlene Bell

Sister Carolyn Cousin

Miss Sophomore

The city of Roxboro, N. C., has this young Black woman as their "Black Experience". Carolyn was the first Black homecoming queen at a predominately white high school during her senior year. Now she reign in Blackness as Miss Sophomore.

A Social Service major and active in the Administrative Helpers Club, Social Service Club, Student Leaders, and Sophist Society, she, too, is an interesting and friendly person to know. Carolyn is a perfect example of the Wonderful World of Black People.

Miss Freshman

"Hubie" as we call her, is from Maxton, N. C.. Her friendliness and charm is portrayed whenever she is around people and friends.

She is a Psychology major and active in the SGA and Judiciary Council on campus. The position of Miss Freshman is a deserving title for one of Africa's Black Pearls. Hubie is a pearl to us and she proves to be one of the cutest we know at A & T.

To the Aggie Family,

I want you to examine this word "realities" very closely. Sometimes I believe too many of us come into this academic setting, and forget about the realities of home. There is no need to my telling you that we are in a unique setting, that our race experience has been that of oppression; and that it is important for us to make our academic experience applicable to our realities. No, I see no need in reminding you or informing you of this.

I contend that we do know, its just that we ignore or don't want to remember those realities. Is it because the pain, the struggle, and the experience was too much of a burden? If so, then you have not learned about the basic ingredients that goes into life. That is, pain and struggle along with goodness of life, are necessities for a complete learning experience.

I believe this poem expresses what each and every member in the Aggie Family should be about:

THE ART OF ADVENTURE

Create mental pictures of your goals, then work
to make those pictures become realities.

Exercise your God-given power to choose your
own direction and influence your own destiny
and try to decide wisely and well.

Have the daring to open doors to new experiences
and to step boldly forth to explore strange horizons.

Be unafraid of new ideas, new theories and new
philosophies. Have the curiosity to experiment . . .
to test and try new ways of living and thinking.

Recognize that the only ceiling life has is the
one you give it and come to realize that you are
surrounded by infinite possibilities for growth
and achievement.

Keep your heart young and your expectations
high and never allow your dreams to die.

Alpha Phi Alpha was founded on December 4, 1906, on the campus of Cornell University, Ithaca, N.Y. With the distinction of being the first Greek letter fraternity for Black college men more than 45,000 brothers have been initiated into the Alpha Phi Alpha Fraternity since its Founding. Beta Epsilon Chapter was founded at A&T on March 28, 1929. Alpha motto: "First of all, servants of all, we shall transcend all" has inspired the members of Beta Epsilon to strive to convert this principle into a description. The chapter's concept of awareness is demonstrated in its campus beautification project, Voter Registration Drives, Alpha Founders Day Banquet, and the Annual Alpha Ball.

BLACK MEN WE ARE

*They say we're ignorant, superstitious and Black
And like our fathers, scared to fight back;
Many years have passed—we've been treated like toys
And our Black men have been labeled "boys."*

*With poor jobs, little money and scarce food,
Very few Blacks are in non-violent moods;
Little Willie Joe begs for food for his mouth,
Yes, little Willie Joe, he lives in the South.*

*But soon it all will come to an end
And Willie Joe and I will be Black men again.
The Black man has suffered a tremendous fall,
beginning to stand—stand pretty tall.*

*It's true we're ignorant, superstitious and Black
But unlike our fathers, we are fighting back;
Black men we are . . . but for you "boys" we'll be
But damnit you remember—We'll Die To BE FREE!!*

AGGIE FOOTBALL STAFF

Persons attending the annual Spring Football Game at A&T last April, saw towering Hornsby Howell wearing more smiles than usual.

At first thought, it could have been that anything that Howell saw in the spring game represented an improvement over last season. It could be that he was looking ahead to the '71 season when his Aggies could put it all together.

In just four seasons, Howell has established himself as one of the nation's outstanding young coaches. He revived the Aggies' sagging football fortunes his first year and has had representative teams since then. He has vowed there will be no more seasons like last year's 4-6 showing.

Each year brings new challenges to Howell and this time it's A&T's beginning play in the newly formed Mid-Eastern Athletic Conference (MEAC).

Howell's approach to football coaching is based on probably the best training available. As a youngster of 12 back in his native Athens, Ga., he watched with interest how Wally Butts operated as the University of Georgia's famous coach.

Little did Howell dream that someday he himself would become somewhat of a celebrity in the game. In his first season as head football coach at North Carolina A&T, Howell guided the Aggies to an impressive 8-1 record.

His fired up team knocked off nationally-ranked Morgan State and Florida A&M on successive weekends.

For his success, Howell that season was selected as "Coach of the Year" by the Central Intercollegiate Athletic Association (CIAA), the 100 Per Cent Wrong Club of Atlanta, the Pittsburgh Courier and NAIA District 26. Actually Howell's father was athletic trainer at the University of Georgia. Hornsby spent a lot of time hanging around the fieldhouse. When he was 12, he was good enough to become an assistant trainer for the Bulldogs.

Howell played high school football at Burney Harris High, then became a starting tackle at Atlanta's Clark College in 1945 under coach Charles McPherson. After one year, Howell decided to enter A&T where he became one of the Aggies' all-time great centers.

He was head football coach at Jordan Sellers High, Burlington, North Carolina from 1950-53 before returning to A&T as head trainer. He left Greensboro for a year in 1961 to become trainer at Southern University. Upon returning to A&T, he was made an assistant in football and basketball.

As a trainer, Howell has also worked for the Cleveland Indians and the Greensboro Baseball Club.

Veteran coach **Melvin H. Groomes** came to A&T in 1955.

Mel's baseball teams at A&T have won ten CIAA titles in 17 seasons.

Matt Brown was an assistant under former mentor Bill Bell starting in 1946. Brown was a star quarterback on the

HORNSBY HOWELL
Head Coach

Ohio State University team that went undefeated. Matt is noted for the tricky antics which he passes along to Aggie Quarterbacks.

Coach Neely carries the big responsibility for developing the strong interior line for which the Aggies are noted.

Now in his 21st year at A&T, Neely has done an outstanding job in maintaining the Aggies' front line defense. He believes in tough, hard play. So do his players.

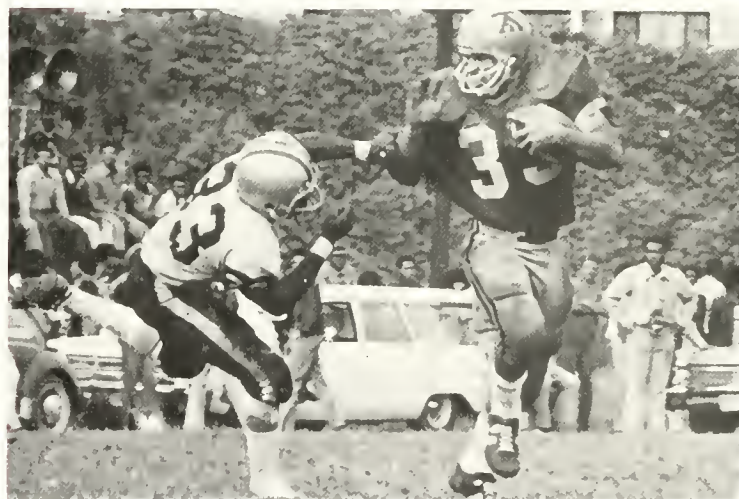

Willie E. Jeffries, a former successful South Carolina High School football coach, is assistant line and defensive coach at A&T State University.

Jeffries played four years of football as a center at South Carolina State.

Stan Jacobs will be remembered for a long time as having been one of the all-time great quarterbacks to play for the Aggies. A native of Orangeburg, S. C. Jake began his college career at S. C. State, entered the Army after a year with the Bulldogs.

"Aggies On The Move"

The year, 1971, a memorable, exciting football season, the challenging A & T team, ventured out into a new gridiron competitive world—the Mid-Eastern Athletic Conference (MEAC). A & T, formerly a member of the CIAA, entered a new conference, but the competition, the strategy, and the game of football was still the same.

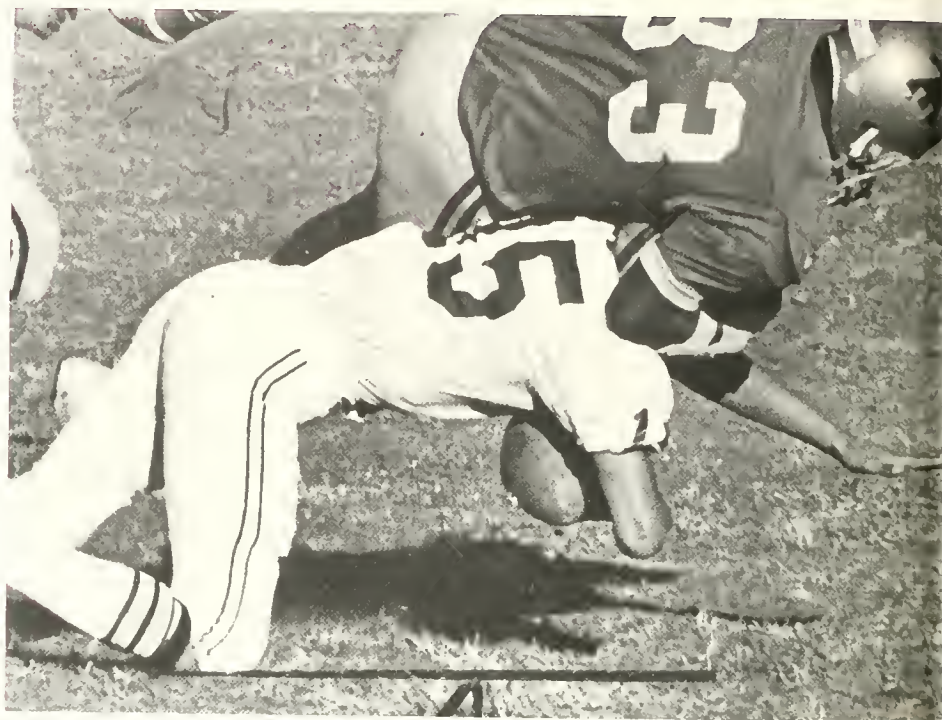

It was a season of games played under cloudy skies, falling rain, on muddy turf, flesh and bones colliding, increased pressure for winning, and indefatigable efforts for scoring all added up into the Aggies sum of a 6-4-1 impressive record.

In the year of '71, the Aggie gridders were victorious over Delaware State meeting them for the first time on the turf, as well as being triumphant over the CIAA competitive teams they played. Labelled as "the Minutemen" and the "stonewall defense", in regards to their rallying second half game performances and keeping the opponents away from the endzone, the Aggies exemplified the spirit of the MEAC.

Another praising act of the Aggies part, is that three team members were drafted to pro teams for next season. They are Willie Wright for the Oakland Raiders, Lonnie Leonard and Ralph Coleman for the Dallas Cowboys. We congratulate each of them and hope them the best of luck. Another Aggie achievement for some of the Aggie family.

Aggie Wrestling Team

The Aggie grapplers in their first full varsity season have come around quite well and are highly rated in the Mid Eastern Athletic Conference (MEAC). Coach Pinckney states "I'm a fundamentalist first of all, and it takes a lot of work to mold a 90 per cent freshman linden squad into a top contender." Even though they are young, Pinckney has plenty of talent to work with in Bernard Herring, a city champion from Wilmington, Delaware, Dan Coleman, a heavyweight state high school champion from Baltimore, Maryland, Mel Fair, a 150 lb. state champ from High Point, N. C. Andrews and Craig Davis, are 160 pounders from the same school.

Coach Pickney, a 26 year old Health and Physical Education instructor from Glassboro State College won district and regional honors in wrestling. His aggressive team has become the pride of the A & T student body, as near capacity crowds have enjoyed the action of clean college wrestling.

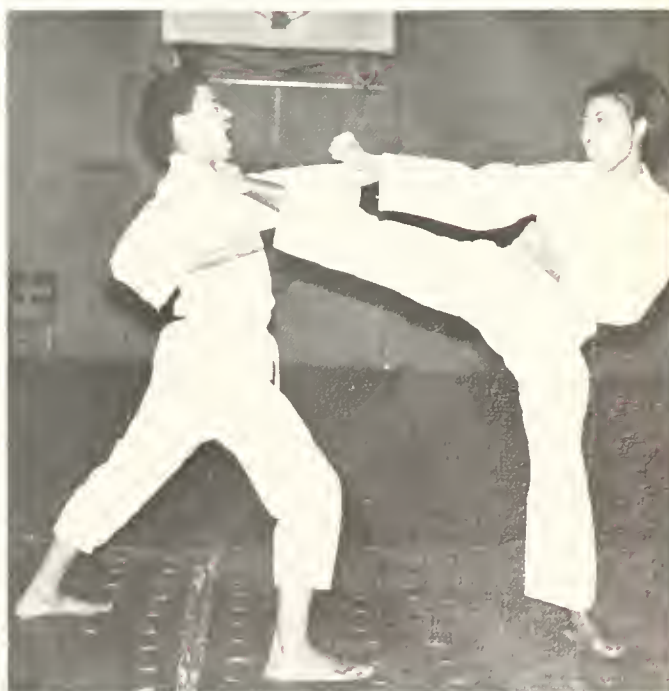

Karate-Dojo

The A & T State University Karate team was organized in 1965 by Robert Wagner, a student at that time. The DOJO strives to develop the minds and bodies of its members through the material art. The Karate Dojo, a separate entity on campus is open to all students.

Through the years the team has developed and maintained high standards for its members. It has studied all the aspects of karate; that is, karate as a self-defense, sport, art and philosophy. In more recent years the Karate-Dojo has competed and placed in many karate tournaments in the eastern part of the United States.

Intramural Department

The Intramural Department of A & T has been an asset to the school in having students participate in numerous sport activities. Some competitive sports are football, basketball, volleyball, pool, bowling, roller skating, and rifle. A new addition to the department is the AGGIETTES, a women basketball team. They play a regular season and also participate in tournament play. The team is coached by Tyrone Bolden and the entire department is under the supervision of Mr. R. McKee.

POWER

*I could love her with a power so warm,
You could not break it with a fairy's charm.
I could love her with a love so bold,
It would die if the world turned cold.
I cannot cross the bridge, nor climb the tower,
No white person could break the spell of magic power.
The rules of the white forbid me to raise my sword,
Don't have mercy O Lord.
This is the struggle and debt I pay
Just for one riotous day,
Years of regret, and grief, and sorrow
Without relief for tomorrow.*

OLD FAMILIAR FACES

by Merceda Perry

*In the mirrors of my mind I see,
Focusing to a picture clear
Old faces that were dear to me
Back many, many a year.*

*My boyhood days as were spent with John
Roaming through forests deep;
Or in the streets when the scorching sun
Burned both our head and feet.*

*And Levi, when we use to race
Through the streets at twilight hour;
Such joy found we in the common place;
Such joy as I miss now.*

*Thomas, how clear the urshers of time reveal thyself to me;
Back to back as we fought our foes;
Hand and hand on the stormy sea,
And sharing many, many a bloody nose.*

*Yes, as I grew up I can vividly see
In the hallways of my mind,
Old faces that were dearest to me
Once upon a time.*

*Mother as you comforted me
When sadness had me down;
Father as you played with me
When none of my friends was around.*

*Donnie as we wooed the girls
Be it night or day;
The rovers, were we known in our world,
Malandering every day.*

*My Brothers and my Sisters as we so joyously played, in the garden;
It was such a beautiful place,
But then we had to ask pardon
Of our parents who caught us with haste.*

*The forest, the street at twilight hour,
The garden where I once roamed;
Are blurring fast beyond my power,
Are fading, and now they're gone.*

*Now, time has once more darkened the glass
And the hallway doors are closed;
And the old familiar places receded to the racks
In the closet of my mind for storing.
But as I think of the many years that are forever in the sea of time gone,
The old familiar faces still linger on.*

OFFICE OF THE PRESIDENT

November 4, 1971

GREETINGS:

I am very happy to extend congratulations to you as you reach this memorable period in your life. The Class of 1972 will be in our memory because of the new experiences and changes that all of us have faced.

During the four years that you have been students at this University, I hope that you have been consumed with a burning desire to utilize your full talents in an attempt to extend the frontiers of freedom and opportunity for all people to inestimable proportions. The task will be easy if, as you leave the University, you will remember to keep your talents sharpened with the desire for learning, a continued search for truth, and a firm belief in the goodness of man.

As you join the thousands of graduates of this great University, it is my prayer that your achievements will be eminent, your contributions to society will be immeasurable and the prestige of the University will be heightened by your accomplishments. I have full confidence that the 1972 Graduating Class, carrying with it the "Aggie Spirit," will meet these challenges with success.

Kindest regards.

Yours truly,

*The holiday season is once more around,
A time for families to unite.*

*But have you thought of our loved ones bound,
On foreign soil—In a foreign fight.*

*It's hard to conceive a festive scene,
In trenches dug in Vietnam.*

*All they have is a fruitless dream,
Courtesy of Uncle Sam.*

*To you our brothers are these words,
Which we now speak and hold so true.*

*Although our arms cannot embrace yours,
Our hearts will always be with you.*

THE TIME HAS ARRIVED

by Patricia Ann Coley

*The beauty of black has no limit we know,
We are aware of our heritage and outwards we show.*

*But this is not enough black people must see
For blackness alone won't bring liberty.*

*The time has arrived for us to unite,
To gather our forces in union and fight.*

*Our goal it is common—Our purpose is clear,
To win for our people a freedom so dear.*

WHEN IT COMES DOWN

by El Hajj Malaam

*And it was beautiful,
Simply, majestically, dynamically, totally beautiful.
So marvelous in measures,
Even those who were ready found it hard to comprehend.
The revolution had come down,
And the brothers and sisters were out-of-sight.*

*The day of its arrival, Came as any other day,
Calm, pleasant, serene,
But something in the air was different,
Though the temperature was high,
A feeling of wintry cold came upon the beholder.
No birds sang,*

*No wind blew,
The sky laid hued and majestic,
With all the fire of a billion-century existence.
Everything was calm,
But isn't it always quiet before the storm
Suddenly,
As quickly as the new day had begun,
The land seemed ablaze with battle,
The sun,
The sun burned brighter,
Seeming inevitably on its way towards a super-nova
Blood flowed like the great rivers,
Blood, fire, agony, pain, confusion,
Fell upon the land,
Made her cry, then moan, then scream try to retaliate,
and then she died.*

*WE HAD WON,
Conquered the oppressor, conquered the master race.
Won liberation,
And as we stood,
Enjoying the ecstasy of the accomplishment,
The universe once again became calm,
The birds sang,*

*The air was totally perfumed
the scent of freedom.
And as we stood, joined in black unison,
Knowing that this was our land,
Upon the flagpole we hung the red, black and green,
We began what was to be a new life,
And as we witnessed her waving in the warm wind,
The sun marked a new era of freedom,
Freedom from oppression, bigotry, and fear.*

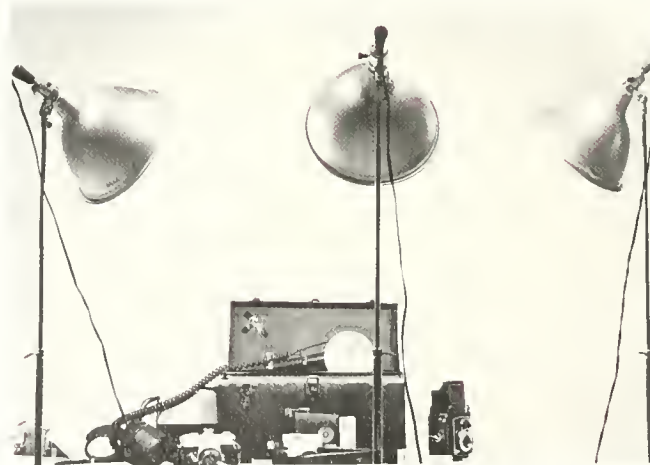

Our Man Behind the SCENE!

To those of you who don't know him or never had the pleasure of meeting the witty and talented photographer Stan Hanks, "our man behind the scene", you just don't know what you've missed.

To Stan from the staff, we give you our sincerest thanks for your all out effort to make this year's yearbook a great success. Without your talent and equipment, this book would be filled with blank pages.

Again thank you.

*HIS EQUIPMENT AND LIGHTS, SMILE YOU'RE
ON CANDID CAMERA!!*

The Last Word . . .

We've strived for a year to complete our trip through a "Black Experience" and now that it has ended, I hope it has been one of sheer enjoyment. Now that you've started your engine and read the road signs, I hope that they've guided you to a safe destination. Here's hoping that the road signs supplied by the Ayantee Staff has been meaningful and have served to give you a smooth tour of our year's successful highways and byways of A & T route 1971-1972.

Knowing black people and how they think was a big part of my job. It proved to be an interesting journey for the staff and me because in planning the tour route—we sought and found a learning experience attainable for us all. We routed and re-routed in an attempt to provide the necessary materials for a pleasurable tour.

Special thanks goes to my deserving advisor Mrs. Barbara Burgess, who was always there to help guide us over the rough spots. Gratitude and appreciation is also extended to Kelvin Jones, Mr. Welborne, Brenda Hanes, Eunice Shropshire, Ron Ivey and Jimmy Hill.

To all of my brothers and sisters who's names I did not mention, thanks for your co-operation which kept me on the right road to a successful STOP.

LOVE, LIBERATION AND PEACE.....

Your sister in Blackness,

Helen R. Butler
